Chairman's Comments

This year ends my four-year tenure as Chairman. As I reflect, there have been a lot of changes in the way we run the WIEP and more are on the way. Last year slide entries accounted for 43% of projected images and this year they were down to only 19%. Pay Pal is being used for an increasing amount of payments due to its convenience to our international entrants. Our major advance was in the computer program that enables us to run the WIEP. Alistair Gillanders, Bill Ritchie and Mark Reed worked feverishly to create a new relational database and programming that greatly improved the efficiency of the entire process. In addition, the website was adapted to process online entries of all categories. With further improvements planned for next year, it will continue to decrease the need for manual entry in the future. Welcome to the twenty-first century.

Bob Hunt, Chairman 76th WIEP

A Tradition Continues

The Delaware Photographic Society is proud to present the 76th Wilmington International Exhibition of Photography, which has grown over the past three-quarter century into an annual event that is eagerly anticipated throughout the region. What began as a monochrome salon sponsored by the Delaware Camera Club, as the group was known then, has evolved into a PSA-recognized exhibition with four print sections and two projected sections, which include slides and electronic entries.

After much advance preparation, nine judges arrive from across the US and abroad each January for a weekend of camaraderie and selection of the exhibition. After this a catalog picturing all 75 medal-winning images is readied for the printer in time for the opening a few weeks later. With several hundred framed and matted prints hung in the University of Delaware's Arshat Hall in Wilmington and a 45-minute multimedia show projected there three times on each of the two Sundays, the event usually attracts a thousand people from five surrounding states. Numerous camera clubs plan field trips, docents conduct tours throughout the print galleries, musicians perform and photographic information is available. Afterward, while a work crew begins to disassemble the print show and return the entries, the projected show is taken on the road via DVD to many other area venues.

None of this could happen without dedicated staff and support workers from the organization, prestigious guest jurors who donate their services, and the thousands of images submitted annually by talented photographers from thirty-seven countries. The most successful exhibitors, based on all their accepted images over the years, are recognized in the Honors list in the catalog.

The Delaware Photographic Society hopes to continue this exhibition for many years to come, not only as a treasured gift to the community, but also as a unique opportunity for its members to experience some of the finest photography in the world. Thanks to all who make it possible!

PHOTOJOURNALISM

Keith Gillett, Bradley Wilson and Susan Biddle

SUSAN BIDDLE, Silver Spring, MD
Susan is a staff photographer for *The Washington Post*. She lists as her influences former newspaper colleagues in Topeka and Denver, and Dorothea Lange and Walker Evans. But perhaps her favorite is Marion Post Wolcott, a Farm Security Administration photographer like Lange and Evans. Biddle visited with the Wolcotts in Santa Barbara when she was a White House staff photographer on assignment at President Reagan's ranch. "I think because we had spent a good amount of time together," recalls Biddle, "she gave me one of her

small, beautiful prints." Biddle's own pictures have been recognized for capturing the beautiful, the comical and the tragic. She caught the emotional toll the Columbine shootings had on the Colorado community. Her photo of a boy wearing his mentor's suit coat after a reading session at his school was awarded first prize in features by the White House News Photographers in 2000. She has also participated in several book projects, including "Day in the Life of America."

KEITH GILLETT, Belleville, IL

Keith is currently the editor of *The Herald*, a weekly newspaper with a circulation of 3,000, located in Mascoutah, Illinois. He spent 20 years with the Air Force as a public affairs officer. The highlight of his career was serving on the public affairs staff of General Norman Schwarzkopf during Operation Desert Storm. As editor of *The Herald* he has won seven Illinois Press Associations photography awards. As a member of the PSA, he began entering photojournalism contests in 2005, starting with the WIEP, where he won his first-ever medal. He has five stars in PJ, has been at or near the top of the Who's Who listing for the past three years, and has earned 23 gold and 7 silver medals in international competition. He was the winner of the Published Photo of the Year Award in 2007 and is the current chairman of the PJ Division.

BRADLEY WILSON, Raleigh, NC

As the coordinator for student media advising at North Carolina State University, the largest university in the state, Bradley advises a daily newspaper and other media. The former executive director of the National Press Photographers Association, he is a frequent speaker at workshops worldwide on topics ranging from digital photography to photo ethics. He is the editor of the publications for the national Journalism Education Association. He received the NPPA President's Medal, the Pioneer Award from the National Scholastic Press Association, the Star of Texas from the Association of Texas Photography Instructors, and the Carl Towley Award from the national Journalism Education Association. He is co-chair of the photography committee for the College Media Advisers. He worked as a newspaper photographer/editor for seven years in Austin, Texas and still works as a freelance photographer as time permits.

Honored Members of the Wilmington International Exhibition of Photography

WIEP Honors are earned through accumulated jury acceptances of prints and slides compiled annually. Ten acceptances over the current ten year period are required for Associate status. Associates achieve Senior status with ten additional acceptances, for a total of twenty, without time limitation. Associates who accumulate a total of 50 or more acceptances are named Fellows of the exhibition, and those who achieve 100 or more acceptances are awarded Senior Fellowship status. New Associates are only listed for the year that they qualify. Entrants with ethics violations do not qualify for WIEP Honors.
