**“How I Did It: The Magic
of Snapseed”**

November 25, 2024

7:00 pm

OPEN TO THE PUBLIC

Most digital images benefit from some editing and SnapSeed is a perfect tool for this. SnapSeed is a powerful **free** app that allows iPhone and Android photographers to process and stylize images on their mobile phone or tablet. It also has tools that allow us to stylize our images with textures, add vintage looks, create composites, convert color photos to B&W, process portraits to perfection, and so much more! Join Rad as he takes us deep into the many powerful tools SnapSeed has to offer for taking your photos from “meh” to **WOW!**

Photographer, teacher, and tour leader, Rad A. Drew, creates with a variety of cameras, but is best known for his work with iPhone cameras since 2009. He is a frequent contributor to the *PSA Journal*, and was listed in PSA’s *Who’s Who in Photography 2018*. His creative images have been recognized internationally and exhibited in galleries around the world including SOHO Gallery and SOHO Arthaus in NYC, and Obscura Gallery in Melbourn, Australia. Rad is an associate editor for the online photographer’s resource, PhotoPXL.com, and writes for the mobile art network, TheAppWhisperer. He is a contributor to *The Art of iPhone Photography: Creating Great Photos* and *Art on Your iPhone*, serves as an Affiliate Representative for Topaz Labs, Flypaper Textures, The Nik Collection, and Luminar Neo, and is the creator of the popular webinar series, **How I Did It!**[™]. His photo tours and workshops include destinations throughout the USA, Tuscany, Calabria, South of France, UAE, and Cuba. He is a frequent presenter to camera clubs around the world and a familiar speaker at photography conferences and events.
